

MATH MAGIC

Presented by Marybeth Zuhlke, *Parent Educator*

- Math Magic Games...making math fun and learning important details, information, and facts can be fun!
- Come and find out how to do math with decks of cards, dice, fruit loops and toothpicks! Yes, toothpicks! We will do some fun Brains Twisters using toothpicks!
- This program is interactive for Kindergarten through grade 5 students! Parents and students will work together and have fun!
